

KNUTSFORD COMMUNITY RESPONSE SOCIETY

SPONSORSHIP INFORMATION PACKAGE

Who Are We?

We are a community driven, not for profit, alliance of residents, property owners, and businesses dedicated to preserving the safety of the Knutsford Community through preparation for and response to emergencies.

Our Mission:

To preserve the safety of the Knutsford Community through timely and effective responses to the threat of emergency situations such as wildfires.

Why We Need Your Support:

The success of our endeavours requires appropriate training and equipment. The use of personally purchased equipment during the 2023 Ross Moore Lake wildfire was necessary and became very costly to many of our volunteers. It was through community members' cash donations that some bare necessities were acquired, however, the scope of personal expenses went well beyond that. With the formation of the Knutsford Community Response Society as well as a growing team of dedicated residents and volunteers, the need for continual training courses, equipment purchase, and equipment maintenance has increased. Your kind and generous support will be greatly appreciated and will help ensure we can safely deploy our volunteers when required.

If you have any questions, or wish to become a sponsor, please contact KCRS President Gordon Peterson by email at president@kcrs.ca or visit our website at KCRS.ca

Thank you for your consideration

The Knutsford Community Response Society
